Carl T. BOURBON WHISKEY

OUR SIGNATURE WHISKEY

Carl T. Bourbon is a blend of 3-grain and 4-grain mash bills (100% sweet mash fermentation) that is named after 4th generation Huber, Carl Theodore Huber. Distilled in our copper pot stills, this straight bourbon whiskey is then aged a minimum of 4 years in the Huber's Rickhouses located on the grounds of the 7th generations Huber estate, established in 1843.

The result is a sustainably crafted 92-proof bourbon whiskey that is elegant, fruit driven, and sweet. Carl T's balanced flavor profile pairs perfectly neat, on the rocks, or in extraordinary craft cocktails.
